

Mad Frog Gear Sideboard Mini

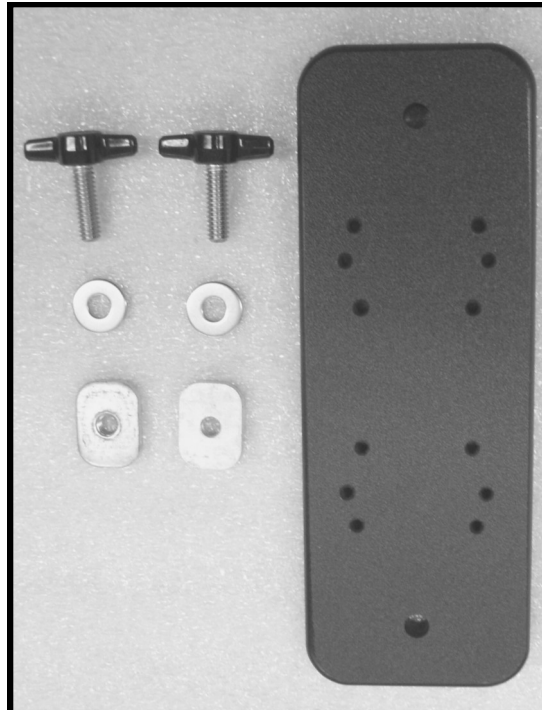

Sideboard Mini shown with Scotty Baitcaster

The Sideboard Mini mounts directly onto the Wilderness Systems SlideTrax system and provides accessory mounting space, without having to drill holes in your kayak.

Items commonly mounted on a Sideboard Mini include:

- Rod Holders
- Camera Mounts
- Drink/Tool Holders

Developed by **Mad Frog Gear**
madfroggear.com

Included in the kit:

- (1) 1/2" Starlite Board
- (2) 1/4x20x7/8 Thumb Screws
- (2) Washers
- (2) Brass Plates

Instructions:

- 1) Thread the Washers onto the Thumb screws then run the Thumb screws through the 1/4" mounting holes on the board.

- 2) Attach the brass plates loosely to the Thumb screws leaving enough room between the board and the plate to slide the unit onto the track.
- 3) Slide unit onto the track.
- 4) Position the unit on the track (checking to insure it is not in the way of your paddle stroke) tighten the Thumb screw to secure .

- 5) Attach accessories with self-tapping screws. (be sure the screws do not extended through the bottom of the board)
